EVERYDAY HOLIDAYS

WE ARE VOLVER

Years ago we had a simple idea because we felt a gap on the beach, like something essential was missing.

We decided to bring back contemporary design, fine craftsmanship and high quality to beach towels and everyday home life.

It felt like a time machine you know. Really good products are gateways to your childhood best memories, places you want to remember or people you love and want to stay with.

We call them **everyday holidays**.

Ideas came in 2019. After years of research, factory visits, beach walks, design trials, setbacks and endless delays, we're excited to finally launch our brand, *Volver*.

Here our first drop of premium beach and home towels !!!

HOME LIFE SPA PICNIC BEACH LOUNGE

LLYS

Like the flower, yes!
Those that are super pink when spring comes, and inspired us to create this appealing contrast between jade green and pale pink. We looove it because it fits well in any setting! At home, on the beach, or during a picnic. *No stripes, we promise.*

HOME LIFE SPA PICNIC BEACH LOUNGE

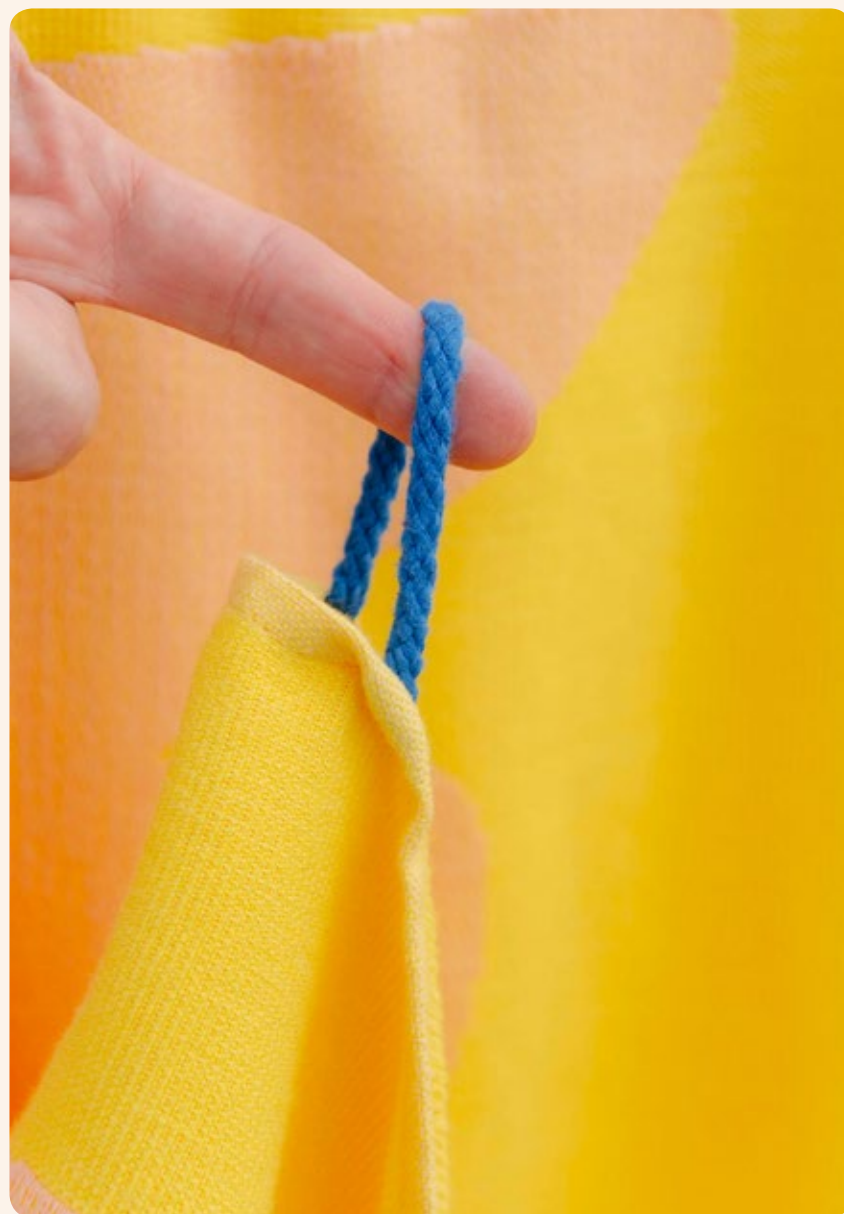

AGUA

So biiiig!

When we thought about this design, we literally visualized our friends partying on it. Agua is our over-over oversized home life & beach life premium towel, more than 4m² of love! *No stripes.*

BEACH POOL BATHROOM GYM

LAVA

Did you ever play Lava with your friends?
Nature has its moments, and this is one of
a kind. A volcano explosion is graphically
powerful and fun at the same time.
Fire orange and pale purple are the code.
No stripes.

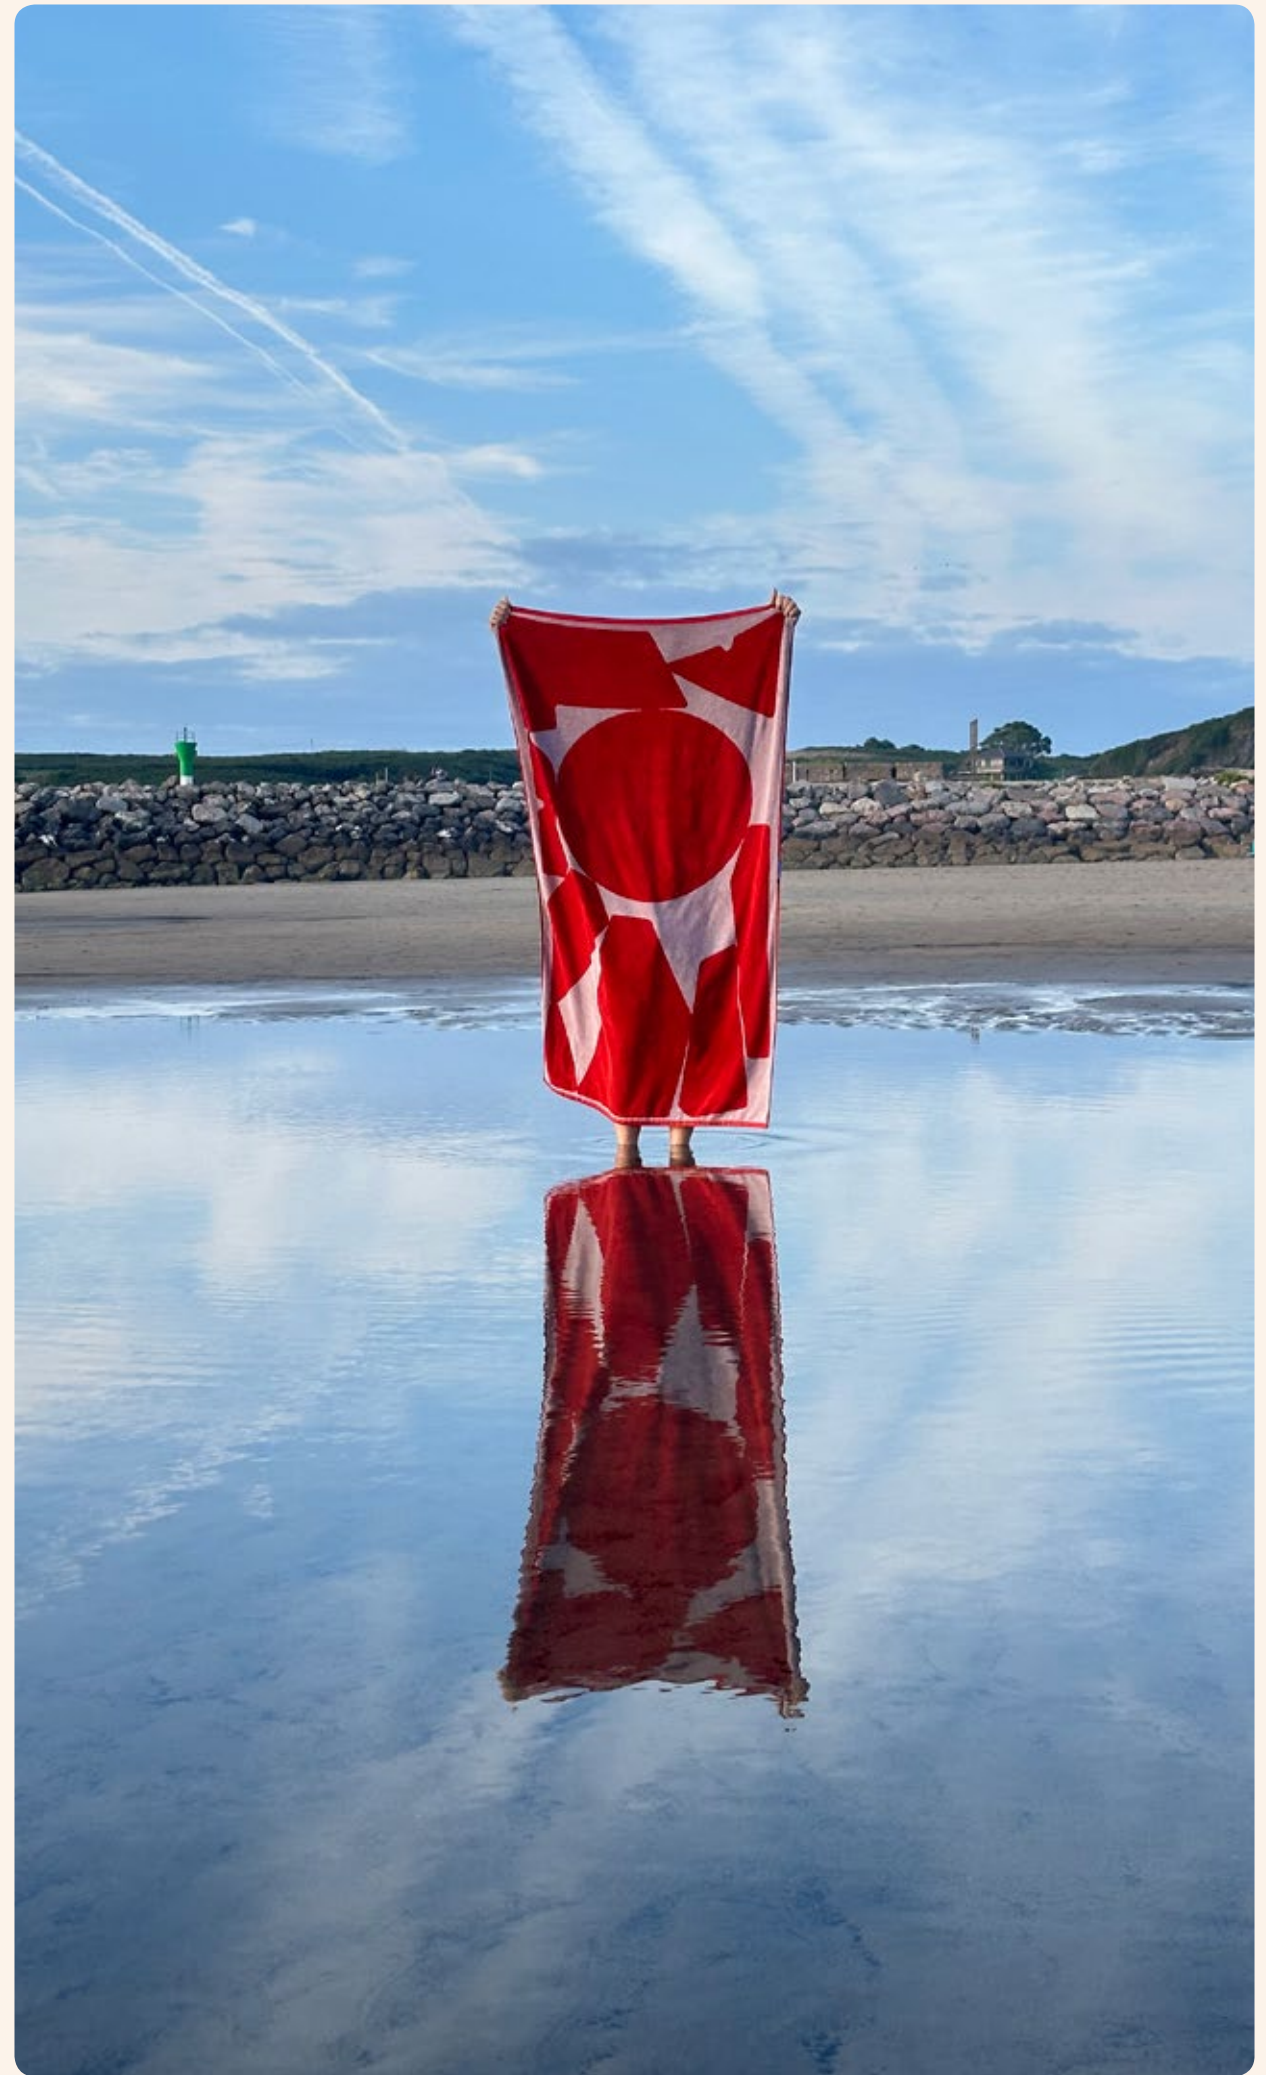

BEACH POOL BATHROOM GYM

BRIC

We called it like this because of its geometry inspired to construction modules and kids playground.. and even its colors which are fire Bordeaux (almost a brick) and light lilac. No stripes.

Los Patos is a creative design studio based in Paris, France and Salinas, Spain. It was founded by Inés Iglesias & Matteo Mastronardi in 2010, right after they met. It focus on branding and new narratives, providing strategy and contemporary design in-between art, culture, fashion and architecture.
